the career of Spain's celebrated author Carmen Martín Gaité spanned the Spanish Civil War, Franco's dictatorship, and the nation's transition to democracy. She wrote fiction, poetry, drama, screenplays for television and film, and books of literary and cultural analysis. She was the only person to win Spain's national prize for literature, the Premio Nacional de las Letras, twice. Martín Gaité explored and blended a range of genres from social realism to the fantastic as she took up issues of gender, class, economics, and aesthetics in a time of political upheaval. Part 1 materials of this volume provides resources for instructors and a literary historical chronology. The essays in Part 2 approaches consider Martín Gaité's best known novel, *The Back Room* (*El cuarto de atrás*), and other works from various perspectives: narratological, feminist, sociocultural, stylistic. In an appendix, the volume editor, who was a friend of the author, provides a new translation of Martín Gaité's only autobiographical sketch alongside the original Spanish.

This groundbreaking text provides practical, contextualized methods for teaching and discussing topics that are considered taboo in the classroom in ways that support students' lived experiences. In times when teachers are scapegoated for adopting culturally sustaining teaching practices and are pressured to whitewash the curriculum, it becomes more challenging to create an environment where students and teachers can have conversations about complex, uncomfortable topics in the classroom. With contributions from scholars and K-12 teachers who have used young adult literature to engage with their students, chapters confront this issue and focus on themes such as multilingualism, culturally responsive teaching, disability, racism, linguicism, and gender identity. Using approaches grounded in socioemotional learning, trauma-informed practices, and historical and racial literacy, this text explores the ways in which books with complicated themes can interact positively with students' own lives and perspectives. Ideal for courses on ELA and literature instruction, this book provides a fresh set of perspectives and methods for approaching and engaging with difficult topics. As young adult literature that addresses difficult subjects is more liable to be considered controversial to teach, teachers will benefit from the additional guidance this volume provides so that they can effectively reach the very students these themes address.

Using Big Books and Student Editions, historical events are presented within a chronological and geographical context. Students at every level learn about the significant people, places, and events.
