the meaning of life and the great philosophers reveals how great philosophers of the past sought to answer the question of the meaning of life this edited collection includes thirty five chapters which each focus on a major philosophical figure from confucius to rorty and that imaginatively engage with the topic from their perspective this volume also contains a postscript on the historical origins and original significance of the phrase the meaning of life written by leading experts in the field such as a c grayling thaddeus metz and john cottingham this unique and engaging book explores the relevance of the history of philosophy to contemporary debates it will prove essential reading for students and scholars studying the history of philosophy philosophy of religion ethics metaphysics or comparative philosophy

a poem can explain the inexplicable and express the unexpressed this is how reading poetry enhances understanding and writing poetry helps students say things that they could not say in any other way and it s why david hanauer believes that poetry deserves to play a central role in classroom literacy programs in poetry and the meaning of life david explains how teachers can use poems to help students understand and express important thoughts feelings and experiences he does this by discussing theories of reading and writing and relating these to vignettes that demonstrate how real teachers in real classrooms have used poetry to put these theories into practice with emergent and beginning readers with mature readers and with english language learners the book concludes with a clarion call to teachers to use the transformative power of poetry to encourage their students to search out the meaning in their own lives

in his account of text and textual meaning pettersson demonstrates that a text as commonly conceived is not only a verbal structure but also a physical entity two kinds of phenomena which do not in fact add up to a unitary object he describes this current notion of text as convenient enough for many practical purposes but inadequate in discussions of a theoretically more demanding nature having clearly demonstrated its intellectual drawbacks he develops an alternative boldly revisionary way of thinking about text and textual meaning his careful argument is in challenging dialogue with assumptions about language in use to be found in a wide range of present day literary theory linguistics philosophical aesthetics and philosophy of language
