the command to look was one of william mortensen s most influential and sought after books and has been out of print for fifty years reproduced here in full this book includes an essay by michael moynihan on how its images influenced the occult lesser magic of the founder of the church of satan anton szandor lavey the book reproduces fifty five images of mortensen s best work and text by the wittiest and most biting writers on photography of their time

the secret life of a satanist steps behind the curtain with the founder and high priest of the church of satan what is contemporary satanism and why would one start a church dedicated to the dark one it wasn t a rebellion against an oppressive religious upbringing it was anton szandor lavey s disgust with most of humanity drawing from jack london h l mencken friedrich nietzsche marquis de sade george bernard shaw john milton benjamin franklin and a host of reprobates with a large dose of alchemy and black magic lavey formulated a philosophy that deeply resonated with him lavey did not worship satan he paid homage to

the rebellious spirit of innovation defiance and self reliance that the archetype embodied his background as a musician circus lion trainer hypnotist and police photographer is covered here the author who later became his paramour and mother to his only son was allowed extraordinary access to documents concerning his life testimonies from people who had known him for years and most importantly anecdotes and fond memories from a man living out of his time after the original publication of this biography in 1990 lavey and blanche barton fought through the satanic panic together and guided the church for another seven years this revised edition adds a dozen new and never before seen images

american grotesque is a lavish retrospective of grotesque occult and erotic images by the forgotten hollywood photographer william mortensen 1897 1965 an innovative pictorialist visionary whom ansel adams called the antichrist and to whom anton lavey dedicated the satanic bible mortensen s countless technical innovations and inspired use of special effects prefigures the development of digital manipulation and photoshop includes a gallery of more than one hundred striking photographs in duotone and color many of them previously unseen and accompanying essays by mortensen and others on his life work techniques and influence

there has been a significant but little noticed aspect of the interface between science and religion namely the widespread tendency of religions to appeal to science in support of their truth claims though the appeal to science is most evident in more recent religions like christian science and scientology no major faith tradition is exempt from this pattern members of almost every religion desire to see their truths supported by the authority of science especially in the midst of the present historical period when all of the comforting old certainties seem problematic and threatened the present collection examines this pattern in a wide variety of different religions and spiritual movements and demonstrates the many different ways in which religions appeal to the authority of science the result is a wide ranging and uniquely compelling study of how religions adapt their message to one of the major challenges presented by the contemporary world

an inspirational bible for monochrome photography this second edition almost doubles the content of its predecessor showing you the path from visualization to print

an inspirational bible for monochrome photography this second edition almost doubles the content of its predecessor showing you the path from visualization to print

in 1956 robert balcomb studied with american master photographer william mortensen in

his laguna beach studio this long awaited book on balcomb s time with mortensen is a richly illustrated inside look at one of the world s finest pictorialist photographers of the last century the author delves into the lessons that he learned from the master and describes how he took the teachings and made them his own over a successful fifty four year career as a fine portrait photographer in addition to the numerous photos and illustrations accompanying the text is a gallery of eighty three portraits still lifes and pictorials from balcomb s long career and eight mortensen prints some being published for the first time dust cover

vols for 1853 include the transactions of the royal photographic society of great britain

this volume is a complete revision of the 1996 third edition shares the ever changing breadth of photographic topics with a special emphasis on digital imaging and contemporary issues produced by an international team of photographic and imaging experts with collaboration from the george eastman house the world s oldest photography museum this fourth edition contains essays and photographic reproductions sharing information where photography and imaging serve a primary role ranging from the atomic to the cosmic
