the small arms survey 2008 examines the problem of diversion and analyses the public health

approach to armed violence

a detailed look at the flexible and innovative infantry formation known as the *tercio* or spanish square the forerunner of modern tactical units such as the battalion on the battlefields of europe in the 16th century

the volume provides the first systematic comparative approach to the history of forms of address in portuguese and spanish in their european and american varieties both languages share a common history e g the personal union of philipp ii of spain and philipp i of portugal the parallel colonization of the americas by portugal and spain the long term transformation from a feudal to a democratic system in which crucial moments in the diachrony of address took place to give one example empirical data show that the puzzling late spread of *sp usted* *you formal polite* and *pt você* *you across america* can be explained for both languages by the role of the political and military colonial administration to explore these new insights the volume relies on an innovative methodology as it links traditional downstream diachrony with upstream diachronic reconstruction based on synchronic variation including theoretical reflections as well as fine grained empirical studies it brings together the most relevant authors in the field

an informative and highly illustrated study of the north american spanish colonial forces in the eighteenth century

the swine flu emergency needn't become a crisis this critically acclaimed work provides public health officials doctors responders and emergency planners with accurate current information that will help them understand the nature of an outbreak assess risk answer public concerns and develop informed strategies devoid of sensationalism and a

since 1898 the united states and the united nations have deployed military force more than three dozen times in attempts to rebuild failed states currently there are more state building campaigns in progress than at any time in the past century including afghanistan bosnia kosovo the democratic republic of congo haiti sudan liberia cote d ivoire and lebanon and the number of candidate nations for such campaigns in the future is substantial even with a broad definition of success earlier campaigns failed more than half the time in this book paul d miller brings his decade in the u s military intelligence community and policy worlds to bear on the question of what causes armed

international state building campaigns by liberal powers to succeed or fail the united states successfully rebuilt the west german and japanese states after world war ii but failed to build a functioning state in south vietnam after the cold war the united nations oversaw relatively successful campaigns to restore order hold elections and organize post conflict reconstruction in mozambique namibia nicaragua and elsewhere but those successes were overshadowed by catastrophes in angola liberia and somalia the recent effort in iraq and the ongoing one in afghanistan where miller had firsthand military intelligence and policymaking experience are yielding mixed results despite the high levels of resources dedicated and the long duration of the missions there miller outlines different types of state failure analyzes various levels of intervention that liberal states have tried in the state building process and distinguishes among the various failures and successes those efforts have provoked

this book explores the role of cultural heritage in post conflict reconstruction whether as a motor for the prolongation of violence or as a resource for building reconciliation the research was driven by two main goals to understand the post conflict reconstruction process and to identify how this process evolves in the medium term and the impact it has on society the spanish civil war 1936 39 and its subsequent phases of reconstruction provides the primary material for this exploration in pursuit of the first goal the book centers on the material practices and rhetorical strategies developed around cultural heritage in post civil war spain and the victorious franco regime s reconstruction the analysis captures a discursively complex set of practices that made up the reconstruction and in which a variety of spanish heritage sites were claimed rebuilt or restored and represented as signs of historical narratives political legitimacy and group identity the reconstruction of the town of gernika is a particularly emblematic instance of destruction and a significant symbol within the basque regions of spain as well as internationally by examining gernika it is possible to identify some of the trends common to the reconstruction as a whole along with those aspects that pertain to its singular symbolic resonance in order to achieve the second goal the book examines the processes of selection value change and exclusionary dynamics of reconstruction exploring the possible impact of post civil war reconstruction in the medium term is conducted in two time frames the period of political transition that followed general franco s death in 1975 and the 2004 2008 period when rodriguez zapatero s government undertook initiatives to recover the historic memory of the war and dictatorship finally the observations made of the spanish reconstruction are analyzed in terms of how they might reveal general trends in post

conflict reconstruction processes in relation to cultural heritage these insights are pertinent to the situations in cambodia bosnia and herzegovina afghanistan and iraq

examines the wartime destruction and post war rebuilding of three prominent sites in madrid bilbao and barcelona in the spanish civil war and its aftermath this title reveals aspects of the spanish civil war and the evolution of the franco regime from an original and fruitful angle
