a spanish born jesuit trained in psychology at the university of chicago and killed by a salvadoran death squad in 1989 martin baró devoted much of his career to

making psychology speak to the community and to the individual this collection clarifies his importance in latin american psychology and reveals a major force in social theory

since the mid 1980s the psychology of liberation movement has been a catalyst for collective and individual change in communities throughout latin america and beyond and recent political developments are making its powerful transformative ideas more relevant than ever before psychology of liberation theory and applications updates the activist frameworks developed by ignacio martin baro and paulo freire with compelling stories from the frontlines of conflict in the developing and developed worlds as social science and psychological practice are allied with struggles for peace justice and equality in these chapters liberation is presented as both an ongoing process and a core dimension of wellbeing entailing the reconstruction of social identity and the transformation of all parties involved both oppressed and oppressors it also expands the social consciousness of professionals bringing more profound meaning to practice and enhancing related areas such as peace psychology as shown in articles such as these philippines the role of liberation movements in the transition to democracy venezuela liberation psychology as a therapeutic intervention with street youth south africa the movement for representational knowledge muslim world religion the state and the gendering of human rights ireland linking personal and political development australia addressing issues of racism identity and immigration colombia building cultures of peace from the devastation of war psychology of liberation demonstrates the commitment to overcome social injustices and oppression the book is a critical resource for social and community psychologists as well as policy analysts it can also be used as a text for graduate courses in psychology sociology social work and community studies

are you looking for a psychological therapy textbook with social justice at its centre just can t seem to find a comprehensive textbook that aligns with your attitudes toward positive changes in psychological professions this three part book sets out the core principles for social justice in the psychological therapies in part 1 you ll be introduced to social justice theory in the psychological therapies covering identity and intersectionality and integrating the psychological and socio political in part 2 you can expand on your knowledge with social justice informed therapeutic practice which looks at the ways in which social class race disability and other minoritised identities can inform therapeutic practice in part 3 you will

look beyond the therapy room and explore how to apply your social justice knowledge to clinical supervision community psychology and other non traditional therapeutic models supported by a wealth of features including reflective and critical thinking questions case studies and recommended further reading resources this book will help equip you with the knowledge skills and attitude to work as a more socially conscientious practitioner

inequities still exist in today s society and this book advances awareness an equitable mindset and transformative change toward the goal of eliminating inequities and promoting inclusiveness and social justice racialized inequity is injustice or unfairness and exists when prejudice or discrimination based on any aspect of difference precludes access of certain groups to the resources and benefits of society this volume takes a new look at the psychology of inequity today have we progressed or regressed since the height of the civil rights movement of the 1960s through an examination of the motivations and beliefs behind inequities and injustices this text aims to answer this question and any others that a scholar or general reader interested in social inequities and multiculturalism may have chapters address the motives that sustain inequity and reflect on the beliefs and behaviors linked to implicit responses to threats of change and loss of privilege posed by the inclusion of others

by introducing and explaining the intersection of two exciting and important areas of study this landmark work unleashes their potential to address some of the most complex and globally relevant challenges of our time in this unique handbook experts team up to explain the many innovative ways psychology is being applied to promote social justice the wide ranging three volume work addresses such significant issues as social justice ideology and critical psychology war and trauma poverty and classism environmental justice and well being and suffering it showcases approaches for integrating social justice into psychology and it examines psychology s application of social justice within special populations such as sexual minorities youth women disabled persons prisoners older adults people of color and many others chapter authors represent a diversity of perspectives making the handbook an ideal resource for those who want information on a specific concern as well as for those looking for an introduction to the subject as a whole combining the practical with the theoretical the work provides culturally sensitive tools that can effectively combat injustices locally and globally

this book examines the ways in which decolonial theory has gained traction and influenced knowledge production praxis and epistemic justice in various contemporary iterations of community psychology across the globe with a notable southern focus although not exclusively so the volume critically interrogates the biases in western modernist thought in relation to community psychology and to illuminate and consolidate current epistemic alternatives that contribute to the possibilities of emancipatory futures within community psychology to this end the volume includes contributions from community psychology theory and praxis across the globe that speak to standpoint approaches e g critical race studies queer theory indigenous epistemologies in which the experiences of the majority of the global population are more accurately reflected address key social issues such as the on going racialization of the globe gender class poverty xenophobia sexuality violence diasporas migrancy environmental degradation and transnationalism globalisation and embrace forms of knowledge production that involve the co construction of new knowledges across the traditional binary of knowledge producers and consumers this book is an engaging resource for scholars researchers practitioners activists and advanced postgraduate students who are currently working within community psychology and cognate sub disciplines within psychology more broadly a secondary readership is those working in development studies political science community development and broader cognate disciplines within the social sciences arts and humanities

foundations of islamic psychology from classical scholars to contemporary thinkers examines the history of islamic psychology from the islamic golden age through the early 21st century giving a thorough look into islamic psychology's origins islamic philosophy and theology and key developments in islamic psychology in tracing psychology from its origins in early civilisations ancient philosophy and religions to the modern discipline of psychology this book integrates overarching psychological principles and ideas that have shaped the global history of islamic psychology it examines the legacy of psychology from an islamic perspective looking at the contributions of early islamic classical scholars and contemporary psychologists and to introduce how the history of islamic philosophy and sciences has contributed to the development of classical and modern islamic psychology from its founding to the present with each chapter covering a key thinker or moment and also covering the globalisation of psychology the islamisation of knowledge and the decolonisation of psychology the work critically evaluates the effects of the globalisation of psychology and its lasting impact on indigenous
